KidMo

New check-in system, starting November 22

KidMo is switching to a new check-in system, and we want to help make the transition as easy as possible for your family!

Beginning Sunday, November 22, 2026, KidMo will use KidCheck for children's check-in. KidCheck will give you a simple, convenient check-in experience while helping us partner with you to keep your children safe and secure while they're in our care.

Before November 22, please create your free KidCheck account.

Creating your account ahead of time will help make your first check-in quick and easy, so you can get your kids checked in and get on your way. It only takes a few minutes, and you can do it from the comfort of home.

To create your account

1. Go to go.kidcheck.com and select "Create Your KidCheck Account."
2. Or download the KidCheck Mobile App from the App Store or Google Play Store.
3. Click the "My Account" tab at the top left. Complete your account.
4. Make sure you edit your profile AND add your kids on the "Kids" tab.
5. When you arrive at KidMo, simply use your 10-digit phone number to check in.

Once your account is created, you'll be ready to use KidCheck when we go live on November 22.

Thank you for taking a few minutes to set up your account before the transition. Most importantly, thank you for partnering with us as we work together to create a safe, secure, and welcoming environment for your children.
